Typically, this map employs a 1:150,000 or 1:200,000 scale, striking a balance between broad regional coverage and detailed local information. This scale allows travelers to see major roads, secondary routes, and even smaller tracks, all without overwhelming the map with excessive detail. The map meticulously depicts:

- Main roads and highways connecting key cities like Ifrane, Azrou, and Midelt.
- Secondary roads leading to villages, tourist spots, and mountain passes.
- Unpaved tracks and trails, crucial for hikers, off-roaders, and adventure travelers.
- Topographical features such as mountain peaks, valleys, rivers, and lakes, rendered with contour lines or shaded relief to convey elevation changes vividly.
- Points of interest including historical sites, natural reserves, and cultural landmarks.

This comprehensive level of detail ensures users can plan routes with confidence, understanding not just where they are but the terrain they will face.
