## Origins and Contextual Foundations

### Theoretical Lineage

The Hope Intl Human Becoming Perspective Paper An Int is primarily inspired by the philosophical framework of human becoming, originally articulated by Rosemarie Rizzo Parse. Parse's human becoming theory emphasizes the dynamic, ongoing process of human life, characterized by meaning, rhythmicity, and transcendence. This perspective diverges from traditional biomedical models by prioritizing the human experience over purely biological factors.

### The Role of Hope in Human Becoming

Central to this perspective is the concept of hope—not merely as a passive wish but as an active, participatory process integral to human existence. Hope functions as a motivator, a source of resilience, and a pathway toward authentic living. The paper contextualizes hope within the broader framework of human becoming, emphasizing its role in health, healing, and personal growth.

### The International Dimension
