Achieving a Proper Latch

A good latch is critical for effective milk transfer and minimizing discomfort.

Steps to Achieve a Proper Latch:

1. Position your baby facing your breast with nose aligned with the nipple
2. Encourage your baby to open wide by tickling their lips with your nipple
3. Bring your baby's mouth onto the breast, ensuring the entire nipple and part of the areola are in the mouth

5. Check for pain—if you experience pain, adjust the latch accordingly

Feeding Positions

Experiment with different positions to find what's most comfortable and effective:

1. Cradle hold
2. Football hold
3. Side-lying position
