Origins and Formation of the African Union

Historical Background

The roots of the African Union stretch back to the early 1960s when the Organization of African Unity (OAU) was established in 1963. Transition to the African Union

By the late 20th and early 21st centuries, it became evident that the OAU needed to evolve to address modern challenges such as conflicts, economic disparities, and political instability more proactively. The AU was officially launched in Durban, South Africa, in 2001, replacing the OAU, with the Constitutive Act coming into force in 2002.
