Instead of multiple-choice tests, students perform tasks that require critical thinking, creativity, collaboration, and communication. These tasks often include projects, portfolios,

presentations, or simulations.

1. Process and Product Evaluation

Authentic assessment values not only the final product but also the process students use to arrive at their solutions. Reflection, self-assessment, and peer evaluations are integral components.

1. Holistic and Contextualized

Assessments are designed to evaluate the whole student, considering cognitive, affective, and social dimensions, within a meaningful context.
