Early Life and Background

Jane Austen was born on December 16, 1775, in Steventon, Hampshire, England, into a close-knit family with a strong literary and intellectual tradition. She was the seventh of eight children born to Reverend George Austen and Cassandra Leigh Austen. Her father was a rector, which provided Austen with a relatively comfortable upbringing and access to education that was uncommon for women of her era. Growing up in a household that valued reading and writing, Austen was exposed to classical literature and contemporary works early on. Her family's lively social environment and her own keen observations of social manners and relationships laid the foundation for her future novels. Despite her limited formal schooling (as was typical for women at the time), Austen was well-educated through her family's resources and her own voracious reading habits.

Literary Beginnings and Early Works

These works often reflected her sharp wit and keen observations of social manners. Between 1795 and 1798, she wrote her first novels — initially as private manuscripts.
