Before delving into the specifics, it's imperative to grasp why the earliest manuscripts carry such weight in the study of Genji. These first copies serve as the foundational texts from which all subsequent versions derive. They are the closest links to Murasaki Shikibu's original composition, preserving nuances, poetic lines, and narrative structures that might otherwise be lost or altered through centuries of copying. Why are the First Manuscripts Critical? - Historical Authenticity: They provide insight into the manuscript traditions of the Heian period (794–1185) and later. - Textual Variants: Early manuscripts often contain variations that reflect different scribal practices, regional influences, or annotations. - Cultural Context: They reveal how the Genji was received and interpreted during its initial transmission. - Textual Integrity: As the most direct evidence of the original composition, they help scholars establish a critical edition.

Origins of the First Manuscripts of the Tale of Genji

The earliest known manuscripts of the Tale of Genji date back to the late Heian period and the subsequent Kamakura era. These texts were meticulously copied by hand, often by court scribes or monks, and reflect the high cultural status of the work within aristocratic circles. The Kōenji Manuscript and Other Early Copies Among the earliest surviving manuscripts are the so-called Kōenji Manuscripts, named after their association with the Kōenji temple. Although the precise origins are shrouded in mystery, these copies are generally dated to the 12th or 13th centuries. Features of Early Manuscripts: - Material: Typically written on delicate paper or silk, with ink that has sometimes faded. - Format: Usually compiled as scrolls or loose folios, later bound as books. - Annotations: Marginal notes and commentary often accompany the text, indicating early interpretive efforts. Genji's popularity meant it was copied by various institutions, including:

- Imperial Clans: As a work of aristocratic importance, the court commissioned and preserved early copies.
- Buddhist Monasteries: Monks often copied the Genji for both scholarly and devotional reasons, contributing to its dissemination.

- Rebinding and Collation: Different editions may have combined fragments or rearranged sections, complicating textual analysis.

Importance of Critical Editions
