Check page size (such as A4 or Letter), orientation (portrait or landscape), and margins to ensure that no text or images are cut off. Many printing issues occur because the document's page size does not match the printer's default settings. Adjusting the scaling option to "Fit to Page" or "Actual Size" can help prevent unwanted cropping or distortion.

For long documents, duplex (double-sided) printing is highly recommended. Duplex printing reduces paper usage, lowers printing costs, and creates more compact physical copies. If your printer supports automatic duplex printing, enabling this option can save time and effort. For printers without duplex capability, manual double-sided printing is still possible by printing odd and even pages separately.
