Digital formats provide numerous tools and customization options that allow readers to tailor their experience according to personal preferences and learning styles.

One of the most effective ways to enhance comfort is by using night mode or adjusting background colors. Night mode reduces blue light exposure and lowers eye strain, especially during evening or low-light reading sessions. Alternatively, sepia or soft gray backgrounds can provide a paper-like appearance that feels more natural to the eyes during extended use.

Font size, font style, and line spacing adjustments also play a significant role in reading comfort. Increasing font size and spacing improves readability and reduces visual stress, particularly on smaller screens. Many reading applications allow users to customize these settings, ensuring that *The Almond Nedjma* remains comfortable to read across different devices and environments.

Highlighting and annotating key sections transforms passive reading into an active learning process.
