Sample Alberta Security Exam

Questions and Detailed Answers

To better illustrate the types of questions you may encounter, here are several sample questions with comprehensive explanations:

Question 1: Legal Authority and Detention

Q: Can a security guard arrest someone in Alberta? Answer: Yes. Under the Criminal Code of Canada, a security guard can perform a citizen's arrest if they have reasonable grounds to believe that a person has committed a criminal offence. However, they must do so within the scope of their authority, using only reasonable force, and promptly turn the suspect over to police. Security guards are not police officers and do not have the authority to conduct arrests beyond citizen's arrest provisions.

Explanation: This question underscores the importance of understanding the limits of security personnel authority. While they have certain powers to detain and arrest under specific circumstances, overstepping legal boundaries can lead to liability issues.

Question 2: Use of Force

Q: Which of the following is considered excessive force? - A) Using handcuffs to restrain a suspect who is resisting - B) Applying a firm grip to prevent a person from fleeing - C) Using physical force after verbal warnings have failed to de-escalate a situation - D) Striking a suspect in the face to subdue them Answer: D) Striking a suspect in the face to

subdue them Explanation: Physical force must be proportional and justified, used only to the extent necessary. Striking someone in the face without immediate threat or necessity is considered excessive and potentially assault. Security officers must always prioritize de-escalation and resort to physical force only when absolutely necessary and within legal limits.

Question 3: Ethical Responsibilities

Q: Which statement best reflects an ethical approach to security work? -

A) Prioritizing company profits over safety - B) Treating all individuals with respect and fairness - C) Ignoring minor infractions to avoid conflict - D) Using personal opinions to make decisions on enforcement Answer: B)

Treating all individuals with respect and fairness Explanation: Ethics form the backbone of professional security work. Respectful treatment fosters trust and helps maintain order. Security personnel are expected to uphold integrity, fairness, and professionalism at all times.
