Instead of generic names, using clear and relevant terms related to Application Form In Mmabatho College Of Nursing improves both SEO and user trust.

Hyphens should be used to separate words in file names, as they are more search-engine-friendly. Avoid unnecessary numbers or symbols that add no context or value to the document's topic.

Title, metadata, and document properties

PDF metadata functions similarly to HTML meta tags. Title, author, subject, and keywords provide additional context to search engines. Setting a clear and relevant document title improves how Application Form In Mmabatho College Of Nursing appears in search results and browser tabs.
