3. Design of the chair: Chairs with gaps or space between the backrest and seat facilitate objects slipping through.
4. Habitual placement: People often place items on the chair's seat or armrests, which can then fall behind.

The Figurative and Cultural Significance

Beyond its literal sense, “down the back of the chair” has gained idiomatic connotations, often implying neglect, forgotten responsibilities, or misplaced priorities.

Safety Considerations

Items hidden behind chairs can pose hazards:
