It was characterized by a renewed interest in Greco-Roman antiquity, fostering innovations in art, science, literature, and political thought. Key factors that contributed to the emergence of the Renaissance include: - The decline of

feudalism and rise of urban centers fostering intellectual exchange. - The rediscovery of ancient manuscripts through contact with Byzantine scholars. - The patronage of wealthy families, notably the Medici, who supported artists and thinkers. - Innovations in printing technology, notably the Gutenberg press, facilitating dissemination of ideas.
