Before discussing the removal process, it is essential to understand what an authorised signatory is and their role in banking operations.

What is an Authorised Signatory?

An authorised signatory is an individual designated by the account holder—be it an individual, partnership, or company—to operate the bank account on their behalf. This person is empowered to perform transactions such as withdrawals, deposits, cheque signing, and other banking activities, as per the authority granted.

Why is the Role Important?

1. Ensures efficient management of funds.
2. Facilitates routine transactions without requiring the primary account holder's constant involvement.
