It also serves as an instructional tool for teachers preparing students by clarifying the depth of understanding required. For students, understanding the mark scheme can help in grasping the key points necessary for full marks and avoiding common pitfalls.

Structure of the June 2008 Mark Scheme

General Framework

The WJEC C2 June 2008 mark scheme is systematically structured to reflect the question paper's layout. It typically segments the marking criteria into sections aligned with each question, detailing the number of marks available and the specific steps or reasoning expected for full credit. The document delineates: - Total marks per question - Level of detail required for each answer - Points for correct methodology - Partial credit for partially correct solutions - Common misconceptions and how to award marks accordingly

Key Components

1. Mark Allocation: Clear indication of marks allocated to each part of the question, emphasizing the importance of each step in the solution process. 2. Model Answers: Sample solutions illustrating the ideal approach, including alternative methods where applicable. 3. Annotation Guidelines: Instructions for examiners on how to annotate scripts to justify marks awarded, including ticks, crosses, and comments. 4.
