Understanding the Structure of Strong's Concordance

To effectively utilize Strong's in Bible word study, it's essential to understand its layout and components.

Each Hebrew or Greek word is assigned a unique number—Strong's number—which groups all its occurrences in the Bible. For example:

1. Hebrew word for "love" – H157
2. Greek word for "faith" – G4102

This system allows users to locate all instances of a word regardless of its translation or context.

A brief lexicon entry summarizes the meaning and common usage of the word, often with examples from Scripture.

Step 1: Identify the English Word

Start with a specific word from your reading, such as "love," "faith," "peace," or any other term of interest.
