World War I, also known as the Great War, erupted in 1914 and lasted until 1918. It was triggered by complex political alliances, militarism, imperial ambitions, and nationalism. The assassination of Archduke Franz Ferdinand of Austria-Hungary ignited a chain reaction among European powers, plunging the continent into war. Over 70 million military personnel were mobilized, and the conflict resulted in over 16 million deaths. The war introduced unprecedented levels of destruction, technological warfare, and civilian suffering. Trench warfare characterized the Western Front, with soldiers enduring grueling conditions and high casualties. The war also had far-reaching social consequences, including shifts in gender roles, economic upheaval, and the disillusionment of an entire generation.

For civilians, particularly in Britain, the war meant

The war's impact was felt deeply in rural villages and urban centers alike, as communities grappled with grief and the need to support the war effort.
