The Roots of the Conflict

The Texas Revolution was born out of deep-seated tensions between Mexican authorities and Anglo-American settlers in Texas. Originally part of the Mexican state of Coahuila y Tejas, the region experienced a surge of American immigrants in the early 19th century, bringing with them different cultural identities, economic interests, and political expectations. Discontent grew over issues such as taxation without representation, cultural suppression, and the centralization of Mexican authority under President Antonio López de Santa Anna.
