Introduction to EU Law and Its Foundational Texts

EU law operates within a unique legal framework that blends supranational and international law principles. Its foundational texts include treaties, regulations, directives, and decisions, all of which establish the legal framework for the Union's functioning.

Primary Sources of EU Law

- **Treaties:** These are the constitutional basis of the EU, including the Treaty on European Union (TEU) and the Treaty on the Functioning of the European Union (TFEU). These define the scope, objectives, and institutional structure of the Union.
- **Legislation:** Regulations and directives are primary legislative tools, with regulations being directly applicable and directives requiring implementation by member states.
- **Case Law:** Decisions by the European Court of Justice (ECJ) shape the interpretation and development of EU law, often clarifying ambiguities or resolving disputes.
