## What Is a Sit on Top Kayak?

A sit on top (SOT) kayak is a type of kayak where the paddler sits on top of the boat's deck rather than inside a closed hull. Unlike traditional sit-in kayaks that have an enclosed cockpit, sit on top designs feature an open deck that allows easy entry and exit, making them particularly appealing for beginners. **Key Characteristics:**

- **Open Deck Design:** The paddler straddles or sits on a seat above the waterline, with easy access to the water or gear.
- **Self-Bailing Drains:** Most sit on top kayaks have scupper holes—drainage channels that allow water to flow out, preventing accumulation.
- **Stable and Wide:** They generally have a broader, flatter bottom for enhanced stability.
- **Lightweight and Portable:** Designed for ease of transport and maneuverability. This design makes sit on top kayaks ideal for recreational paddling, fishing, snorkeling, and even beginner surf paddling.

## Why Choose a Sit on Top Kayak? Benefits for Beginners

For newcomers to kayaking, the features and advantages of sit on top kayaks are compelling.

### 1. Ease of Entry and Exit

The open design means paddlers can effortlessly get on and off the kayak without the need to maneuver through a confined cockpit. This reduces intimidation and increases confidence for beginners.

### 2. Enhanced Stability

Sit on top kayaks are typically wider and flatter, offering superior stability on the water. This makes balancing easier, especially for those new to paddle sports.

### 3. Safety and Self-Bailing

The presence of scupper holes allows any water that enters the kayak to drain out automatically, reducing the risk of capsizing due to water accumulation. This feature is crucial for safety, especially in rougher conditions or when paddling in choppy waters.

## 4. Low Maintenance and Durability

Most sit on top kayaks are constructed from durable polyethylene or similar plastics, making them resistant to scratches, dents, and UV damage. Their simple design also requires less maintenance.

## 5. Versatility

They are suitable for a variety of activities, including leisure paddling, fishing, snorkeling, and beginner surf paddling, making them a multi-purpose investment.

## 6. Cost-Effectiveness

Compared to sit-in kayaks and high-performance models, sit on top kayaks are often more affordable, making them accessible for beginners on a budget.
