The Genesis and Development of the ASO

The creation of a comprehensive historical atlas dedicated exclusively to South Asia has been a gradual process, driven by the increasing recognition of the region's historical complexity.

The Atlas of South Asia (ASO) emerged from collaborative efforts among historians, geographers, and cartographers aiming to encapsulate the region's diverse history within a single visual framework. Key milestones in the development of the ASO include:

- Early Foundations: Initial maps focused on political boundaries during colonial periods, often reflecting administrative divisions.
- Post-Independence Reassessment: After 1947, scholars began to produce more nuanced maps reflecting decolonized perspectives, emphasizing ancient civilizations like the Indus Valley, Mauryan, and Gupta empires.
